The Art of Asking Questions  
Governing Intelligence

# Piyal Gupta

CEO, Kneuralabs LLC | AI Governance Architect | Designing  
Structured AI Adoption Systems | Public Sector & Regulated  
Industries | Ex-Accenture, Cognizant | Vibe Coder  
Kolkata, West Bengal, India

## Summary

I lead Kneuralabs, a governance-focused AI advisory firm supporting public sector and regulated organizations in implementing structured oversight for artificial intelligence systems. My work centers on operationalizing responsible AI through documented inventory, risk classification, and review frameworks that align with emerging regulatory expectations. AI adoption without governance creates exposure. I help organizations build structure before scale. Certified in auditing generative AI risk and mitigation frameworks. Focused on practical governance implementation — not AI hype.

---

## Experience

### Kneuralabs

#### Co-founder & CEO

February 2026 - Present (4 months)

Connecticut, United States

I lead Kneuralabs, an AI systems company that helps businesses turn AI into practical, scalable solutions. We design structured workflows, creative automation systems, and custom AI infrastructure that reduce manual work and improve performance.

I focus on strategy, growth, and building systems that create long-term value.

### Ocelli Arts

#### Co-Founder & Managing Partner

September 2020 - Present (5 years 9 months)

Kolkata, India

I lead strategy, operations, and client partnerships at an AI-driven creative studio. I work across UX/UI, 3D, animation, and VFX—using tools like Figma AI, MidJourney, Claude, Runway, Spline, and Wonder Dynamics to push creative limits and deliver results. I streamline workflows with Jasper, Notion AI, and Perplexity, and use prompt-engineering tools like PromptLayer, LangChain, and PromptPerfect to boost AI performance. My role also involves

collaborating with clients in the US on a Business Visa, helping them use AI as a true multiplier for creativity and impact.

## Cinch Software

### Director Product Strategy

September 2021 - November 2021 (3 months)

Kolkata, West Bengal, India

Developed go-to-market strategy for digital products, including pricing, partnerships, and positioning.

Analyzed market gaps and defined product evolution roadmap.

Played a key role in future-proofing the company's product vision and lifecycle.

## Cognizant

6 years 4 months

### Manager – Strategic Business Development & Digital Product Marketing

June 2015 - September 2021 (6 years 4 months)

Kolkata Area, India

Led strategic bid responses across retail, BFSI, and tech verticals for IT infrastructure services.

Migrated a major US retail client's legacy systems to AWS, reducing costs by 18% and improving customer retention.

Launched productized service offerings and managed cross-functional delivery strategies.

Designed GTM strategies, pricing models, and product roadmaps.

Created commercial and technical solutions for global clients based on service management tools.

Developed cost models and strategic proposals for new and renewal contracts.

### Strategic Business Manager

June 2015 - September 2021 (6 years 4 months)

Led strategic bid management and commercial proposals across Retail, BFSI, and Technology verticals for IT infrastructure services.

## Accenture

3 years 10 months

### Global Service Management Lead - Europe & Latin America

August 2011 - May 2015 (3 years 10 months)

Kolkata Area, India

Implemented enterprise service frameworks across 14 international delivery centers.

Drove delivery transformation and cost-saving initiatives via the "ISA Industrialization Program".

Led value-creation and performance improvement programs for infrastructure services.

#### Service Management Specialist

August 2011 - May 2015 (3 years 10 months)

Directed service management across 14 delivery centres; led the ISA Industrialisation Programme, using data-driven automation to cut operational costs by 12% while improving service levels.

#### Various Companies
